

~~CONFIDENTIAL~~

Chief, Requirements Branch, Intelligence
Information Staff, ORR

7 January 1959

Acting Chief, Map Library Division, ORR

Follow-up on Map Library Requirements

1. A status report on the following requirements would be appreciated:

- a. RD-C-1891 To St/I/RR 15 May 1958
No response has been received to this.
- b. RD-C-1910 To St/I/RR in June 1958
No response.
- c. DS-827 To St/I/RR in August 1958
No response.
- d. Case 27783 (CD/00 case) Requirements for Large Dams Conference
to St/I/RR 4 September 1958. Conference was in N. Y. during September.
No response.
- e. RD-C-1988 To St/I/RR on 5 September 1958
No response.
- f. DS-833 To St/I/RR on 19 September 1958
No response.

2. There was every indication of collection potential on all of the above. It is possible that some response has been received in the Agency that has not been brought to our attention.

3. In general, we feel that some response other than a mimeographed form is in order for all requirements. The time in which a response might be received will, of course, vary.

4. If St/I/RR cannot follow-up on these requirements, this Division will undertake to do so with the OO/C and FI components concerned.
